

Dear Parent/Guardian:

The Department of Education and Early Childhood Development is seeking feedback from the public to inform revision of the *World Issues 120* curriculum. Please read the notice below and feel free to contribute your voice using the outlined process.

As part of an updated curriculum development process, the Curriculum Branch of the Department of Education and Early Childhood Development is inviting input from stakeholders. We believe curriculum will be enriched by a wider range of perspectives and ideas. At the beginning of the process, input will be solicited for one month to inform development.

In order to determine the effectiveness of this approach to gather feedback, we are piloting the process as we prepare to revise the ***World Issues Grade 12*** curriculum.

The ***World Issues*** course will focus on our interdependent world and the significant issues we face as global citizens.

Please provide input for what you would consider to be:

- a) important topics and/or concepts for a world issues course, and
- b) essential skills that students should be able to demonstrate at the end of such a course.

Send your input to curriculum.feedback@gnb.ca. The site will be open from February 17th to March 27th, 2015.

Note: The deadline for feedback has been extended beyond March 17th, to March 27th, 2015. We look forward to receiving your input. Your ideas will be considered as the curriculum is revised.

The Curriculum K-12 Branch at the Department of Education and Early Childhood Development
