

# ***ENTREPRENEURSHIP 110***

**TEXT: The Entrepreneurial Spirit**

**COURSE OBJECTIVES: Students will be provided with opportunities to:**

1. Identify the entrepreneurial attitudes and aptitudes required for success in entrepreneurial activities.
2. Identify entrepreneurial applications in their day-to-day personal, school and community life.
3. Determine the rewards and challenges involved in entrepreneurial activities.
4. Apply problem-solving and decision-making strategies in planning entrepreneurial initiatives.
5. Take pride in their accomplishments and demonstrate a commitment to a sense of personal responsibility, self-discipline and initiative.
6. Practice entrepreneurial activities designed to enhance their feeling of self-confidence and self-awareness.
7. Determine the role of entrepreneurship and innovation in our society and assess its effect on the quality and level of economic activity in the global marketplace.

Literacy is important in this course. Students have vocabulary terms and questions assigned with every chapter, a quiz on each unit, and a test on each chapter.

**EVALUATION:**

Tests and quizzes	40%
Class mark (attendance, punctuality, prepared for class, co-operation, participation)	10%
Projects and assignments	30%
EXAM	20%
