

THE PREDATOR GAME

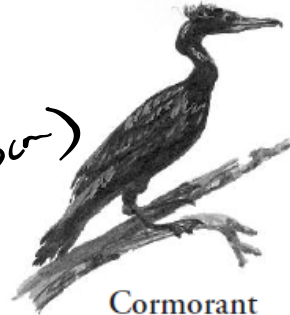

Atlantic salmon and trout are pursued by a wide variety of predators during their lives. Below are shown a wide variety of these predators.

For each predator, can you determine what life stage the salmon or trout might be prey?

Seal

→ Grilse (Adult under 63cm)
→ Smolt
→ Parr

Cormorant

Lamprey

Grilse (attack)

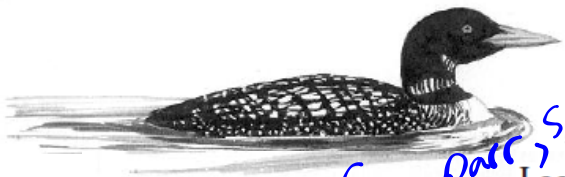

Angler

adult
grilse
parr
eggs
