

## ANY OTHER BIOME BROCHURES???

---

Assignment - Food Chains and Web Oct. 2015.pdf

### INSTRUCTIONS...

- 1) Read the text on page 3 that describes the feeding relationships
- 2) Cut out the food web images on page 4
- 3) Sort these images into 3 groups: producers, 1<sup>st</sup> order consumer & 2<sup>nd</sup> order and high consumer...complete chart on page 2
- 4) Using page 5 as a blank page...turn paper to landscape position, put producers on the bottom/1<sup>st</sup> order in middle/2<sup>nd</sup> order + higher on top. Glue/tape in position and add arrows to show the energy flow through the food web - make sure all arrows can be easily followed pointing towards the predator.
- 5) Answer question #3 page 2.
