The New Brunswick government is introducing a moratorium on hydraulic fracturing that the Premier says won't be lifted until five conditions are met.

Those conditions include a process to consult with First Nations, a plan for waste water disposal and credible information about the impacts fracking has on health, water and the environment, Brian Gallant said Thursday.

## 5) Draining of underground aquifers...

### If You Think the Water Crisis Can't Get Worse, Wait Until the Aquifers Are Drained

We're pumping irreplaceable groundwater to counter the drought. When it's gone, the real crisis begins.
