## **Pita Pit Miramichi Community Champion Bursary**

At Pita Pit we live every day by a set of Values. Our values translate in our store and in our service but we also want to personify them in the Community.

The Values that we live by are:

- You can't go wrong by doing the right thing.**
- I'll always have your back.**
- Be fanatical about what you do.**
- Be as fresh as our food.**
- Stay hungry.**

We're interested in hearing from students who have demonstrated on a consistent basis; these values. You may have not have realized that these values are in tune with what you have been executing in your community but if you feel as though they are, tell us about it! We want to hear about how you employ these values in your community and how it has translated to an improvement in any facet. Maybe you help with food drives, clothing donations or have organized fundraisers for people in need? Do not undervalue what you have accomplished. We want to hear from as many of you as possible and we want to motivate young people to advocate change and be the driving force for positivity in the community!

We carefully review all applications, taking into consideration not only each applicant's contributions to the community but also their personal circumstances and any special challenges they may have faced along the way. We look forward to hearing from you!
