

New Planet Activity

Due to air pollution, the Earth will soon be too hot for people to survive. NASA will send a rocket to a new planet with people that will keep the species from becoming extinct. NASA has a list of prospective pioneers, but only 10 of the 30 people on the list will be able to go.

Which ten people should be on the rocket to the new planet? Email your responses to katie.tozer@nbed.nb.ca

1. 35 year old female, has 3 children, graphic artist
