## **ALLEN, PAQUET & ARSENEAU LLP**

### **SCHOLARHIP PROGRAM**

**Allen Paquet & Arseneau LLP (APA)** recognizes the importance of supporting graduating students entering post-secondary Business Administration programs from its regions. Today, we are proud to announce a high-school scholarship program valued at **\$2,000 per student** for regional high schools located near our branch offices.

To reward tomorrow's leaders, APA introduces a high-school scholarship program for students entering post-secondary programs in the field of Business Administration. APA will also provide the recipients with a contact person that will act as a mentor (a few hours per school year) if the student needs to reach out during their studies. According to the Partners of the firm: "We are very excited to support our next generation of leaders by supporting our youth in their education quest. We recognize the unique challenges facing the 2024 graduating class and want to reiterate our commitment to support our communities."

A \$2,000 scholarship will be provided to one student in each of our three regions of Campbellton, Bathurst and Miramichi, and the award will be made based on a combination of academic results, community involvement, and student employment experience.
