

Review Kingdom Protista, Fungi & Plantae

Protista

- Catch-all kingdom
- Animal-like protists
- protozoans
- example
- phytoplankton
- Plant-like protists

Fungi

- chitin
- Rhizopus Stonlonifer
- reproduction (+/-)
- three parts of a mushroom
- common name, phylum name, spore-producing structure
- fruiting body & mycelium

Plantae

- Reproduction of moss
- Gymnosperms
- Reproductive structures (male and female)
- Seed
- Alternation of generations-haploid diploid, what do each reproduce
- How are plants grouped
- categories vascular plants
- types of vascular tissue
- Seed plants
- monocots and dicots
- label flower
- chart

Fern
 Pterophyta

Gymnosperms
 Coniferophyta

Angiosperms
 Anthophyta
